

PACIFIC INDUSTRIAL SCALE

(Pacific) is a manufacturer, distributor, and service provider of all types of scales and balances, weigh system components, and turnkey weigh system software and solutions. Today, more than 3,000 unique customers and 50,000 installations worldwide benefit from our reliable, end-to-end weigh solutions and comprehensive technical staff and test truck fleet. Combined with our factory-trained technicians, Measurement Canada approval and accreditation, NTEP U.S.A. approval, and the largest weigh system parts inventory, Pacific continues to lead the 'weigh' in both systems and service.

PACIFIC SOLUTIONS can be found in such industries as forestry, transportation, sand & gravel, mining, agriculture, waste, livestock, pulp & paper, and food manufacturing – really any organization in need of the most reliable systems for measuring weights of all sizes. We're headquartered out of our manufacturing facility in Richmond, British Columbia, where all of our weigh systems are designed, built, and assembled for customers worldwide. Additional service offices exist in Edmonton, Calgary, Prince George, Nanaimo, Terrace, and Kelowna.
